

Top Austin Doctors 2015

Castle Connolly Medical Ltd. is a health care research and information company founded in 1991 by a former medical college board chairman and president to help guide consumers to America's top doctors and top hospitals. Castle Connolly's established nomination survey, research, screening and selection process, under the direction of an M.D., involves many hundreds of thousands of physicians as well as academic medical centers, specialty hospitals and regional and community hospitals all across the nation. Castle Connolly's physician-led team of researchers follows a rigorous screening process to select top doctors on both the national and regional levels. Its online nominations process located at castleconnolly.com/nominations is open to all licensed physicians in America, who are able to nominate physicians in any medical specialty and in any part of the country, as well as indicate whether the nominated physicians are, in their opinion, among the best in their region in their medical specialty or among the best in the nation in their medical specialty. Careful screening of doctors' educational and

professional experience is essential before final selection is made among those physicians most highly regarded by their peers. The result identifies the top doctors in America and provides consumers with detailed information about their education, training and special expertise in paperback guides, national and regional magazine "Top Doctors" features and online directories.

Doctors do not and cannot pay to be considered for selection as a Castle Connolly Top Doctor.

Physicians selected for inclusion in this magazine's "Top Doctors" feature may also appear as Regional Top Doctors online at castleconnolly.com, or in a Castle Connolly Top Doctors® guide, such as America's Top Doctors® or America's Top Doctors® for Cancer.
